Dear Marissa,

RE: Acceptance of Payment Card Industry Data Security Standard (PCI DSS) Report on Compliance for DataCo.

Visa Inc. is pleased to accept DataCo's PCI DSS Report on Compliance, based on the assessment and opinion of SecurityMetrics.

Please note that Visa's CISP/AIS requires revalidation every 12 months. We appreciate your continued support and commitment to safeguarding the payment industry. Ongoing compliance with the PCI DSS is critical to maintaining a strong defense against compromises of cardholder data. We urge you to diligently review your security policies, practices and infrastructure frequently to prevent, detect and correct any anomalies in your security program.

Visa may revoke this Acceptance at any time that Visa, in its sole discretion, determines that your company is not adhering to Visa CISP/AIS requirements or that DataCo's Report of Compliance was inaccurate. Immediately upon notice of such revocation, your company will cease all communication of PCI compliance, whether or not previously approved by Visa. If you have any questions, please contact Visa by email at pcirocs@visa.com.

Sincerely,

Oscar Munoz Business Leader, Global Third Party Risk
